### **Maricelia Andrade**

Hi! My name is Maricelia "Mari" Andrade. I have been a medical assistant since 2003. I completed my externship at Stanford and worked for 7 months in Florida at the Infant and Children's Clinic. I started at the Campbell Ob/Gyn clinic in July 2004 and work most of the time with Drs. Cato and Robie. In my spare time, I love to go to the movies. I like working at Kaiser Permanente because I feel that the staff here are very helpful and that I am valued as an employee. I also like that there is a Call Center to help the patients with their needs. I feel that putting the patient's needs first is very important. I also want to encourage patients to suggest ways we can improve our service (or compliment good service).
