

Mai Thy Truong, M.D. Research Profile

POSTERS

- Combined Otolaryngological Spring Meetings, Boca Raton, FL, 2005
“Botulinum toxin is effective salvage therapy in the treatment of refractory granulomas”
- The Triological Society Western Section Meeting, Carlsbad, CA, 2001
“Near infrared transillumination of the sinuses: A new spin on an old diagnostic technique”

ORAL PRESENTATIONS

- Triologic Society, Western Section, Palm Springs CA, 2008
“Hyperparathyroidism and pregnancy”
- AAO-HNSF Annual Meeting and OTO EXPO, Washington DC, 2007
“Pediatric Sleep endoscopy”
- AAO-HNSF Annual Meeting and OTO EXPO, Toronto Canada, 2006
“Pediatric Vocal Cord Paralysis after Cardiac Surgery”
- Bay Area Resident Research Symposium 2005
“Botulinum Toxin is effective salvage therapy in the treatment of refractory granulomas”
- Photonics West, International Biomedical Optics Symposium, BiOS, 2002
“Identification of Chondrocyte Cell Division in Intact Rabbit Cartilage grafts Using Fluorescence Activated Cell Sorting.”

PUBLICATIONS
