Video Visit
Logging in from your Mobile Device

Step One:
You will receive the following email about your appointment:

You have a scheduled Kaiser Permanente Video Visit!
There is no need to visit a medical facility; your appointment will take place online using your own computer's webcam and speakers.

Date/Time:
Thu, May 14 at 3:25 PM PDT

Patient:
John Smith

Clinician:
Rashmi Saini, MD

Location:

Video Visits
Meet with your doctor by video on your mobile device.

What do I need for my visit?

1. A strong Wi-Fi or 4G connection.
2. The latest version of the KP Preventive Care App.
3. Your user ID and password to sign in to the app. If you don’t have an account, you can still join the visit by using Sign In Help on the app.

Get the App
Sign In

Step Two:
You will be taken to the mobile video visit landing page. Sign into the KP Preventive Care App.

If you do not have the app, you will be directed to download the app.
